

Application to register a trade mark

The Patent Office
Trade Marks Registry
 Cardiff Road, Newport
 South Wales NP10 8QQ

Please refer to notes for guidance on completing this form

1. Your reference			
2. Representation of the mark			
3. State "Yes" here if the mark is a word or words without any particular form of presentation			
4. If the mark is not a word or a picture, indicate here (<i>for example 3-dimensional</i>)			
5. If the application is for a series of marks, indicate how many marks in the series			
6. If this application claims priority, indicate the priority date(s) claimed, the country, and the number	Date	Country	Number
7. If this is a transformation application under the Madrid Protocol, state the transformation date and the international registration number	Date	Registration number	

8. Specification of goods/services.

If the space provided for the specification of goods/services is insufficient then please continue on separate sheets. List the classes in consecutive numerical order and list alongside each class the goods or services appropriate to that class.

List the classes in consecutive numerical order and list alongside each class the goods or services appropriate to that class.

Class number	List of goods/services

Class number	
(REV/2) (W)	Form TM3

<p>9. Indicate if this application is for :</p> <p>a) a trade mark b) a certification mark <i>or</i> c) a collective mark</p>	
<p>10. If colour is claimed, indicate here and state the colour <i>(s)</i></p>	
<p>11. Indicate any limitations or disclaimers</p>	
<p>12. Full name, address and postcode of the applicant</p> <p>Trade Marks ADP number <i>(if you know it)</i></p> <p><i>If the applicant is a corporate body, give country and, if applicable, state of incorporation</i></p>	
<p>13. Name of agent <i>(if appropriate)</i></p> <p>Address for service in the United Kingdom to which all correspondence should be sent <i>(including postcode)</i></p> <p>Trade Marks ADP number <i>(if you know it)</i></p>	
<p>The trade mark is being used by the applicant or with his or her consent, in relation to the goods or services stated, or there is a bona fide intention that it will be so used.</p> <p>Signature</p>	
<p>Name <i>(block capitals)</i></p>	
<p>Date</p>	
<p>Name and daytime telephone number of person to contact</p>	
<p>State number of sheets attached to this form</p>	

How to fill in Form TM3 - Application to register a trade mark

Important

- You cannot alter your mark after you have sent us your application form.
- The fee is not refundable if your mark turns out not to be registrable for any reason.

We therefore urge you to carefully read these notes in conjunction with our booklet “Applying to Register a Trade Mark”. You should also read our “Search and Advisory Service” leaflet, which provides full details of the professional services we can provide for applicants.

Please complete the form in CAPITAL LETTERS or type it. If there is not enough space for any of your answers, especially section 8 - specification, use separate sheets. Number each one and state in the box at the bottom of the last page how many extra sheets you have used. A sample of a completed Form TM3 is enclosed. If you need any help, please contact our Central Enquiry Unit on 08459 500 505.

What to put in each section of the form

Section

What is needed

1. Your reference. You don't have to provide one, but if you do we will use it whenever we contact you.
2. Provide a representation of your trade mark, which may be, eg, a word, logo, picture or a combination of these, inside the box. Please remember that you cannot alter your trade mark after you have sent us your application form. A trade mark can be something other than a word, logo or picture but it must be capable of being represented graphically.

We will record the mark **exactly** as you show it in the box, so do not underline it, or put it in quotes, for example, unless you actually use the mark in that style.

We can accept applications if the mark is larger than the box. In this case you can send us the mark on a separate sheet which must then be no larger than A4 size. However, if you want to make an International Application at a later date, the mark must be no larger than the 8cm by 8cm box on this form. Please do not staple the representation of your mark to the application form.

3. This section only applies if your mark consists solely of words. If you state “Yes”, we will consider the word(s) to be in plain type. You may find it helpful to insert “Yes”, for example, if you fill the form in by hand but intend to use the mark in a printed form. If you leave this section blank, we will consider the style in which the word(s) is shown to be a feature of the mark.
4. If the mark which you insert in the box at Section 2 is not a word, logo or picture, please tell us exactly what it is, for example, it could be a three-dimensional shape.

5. A “series” of marks is a number of marks which only have very small differences which do not substantially affect the marks, eg marks represented in upper and lower case.
6. If you are claiming priority from an earlier application made in a country which is party to the Paris Convention (for the Protection of Industrial Property) for any of the goods and/or services in your application, provide details in this section. A priority claim must be made within six months of the earlier application.
7. You only need to fill in this section if you are transforming a UK designation under an International Registration into a UK application.
8. List all the goods/services you trade in, or intend to trade in, using the mark applied for. If your application covers goods/services in more than one category (class), please list them in their appropriate class. Please remember that you cannot add goods or services after you have sent us your application form.
9. State which type of mark you are applying for, normally this will be a) a trade mark. If you are applying for a certification or collective mark, state this here. Please note that you must file the regulations for certification and collective marks within nine months of making your application.
10. If you want to claim that any colour(s) in your mark is a feature of the mark, state this here, and also state what colour(s) you are claiming.
11. If you want to disclaim the right to the exclusive use of any specified part of the mark, or limit use of the mark, state this here.
12. Please provide as much detail as possible and consider whether you wish the application to be in your name or your company’s name. If your address is outside the UK, you must provide an alternative address in the UK in Section 13 where all correspondence will be sent. You will only have an ADP number if you have previously applied to register a trade mark. It can be found on your filing receipt.
13. If you appoint someone (for example, a trade mark attorney) to deal with your application for you, give details here. You do not have to appoint an agent but you can still specify a UK address, other than that given in Section 12, to which we will send correspondence (we call this an “address for service”). If you leave this section blank we will write to you at the address given in Section 12 - as long as it is in the UK. You can change or appoint an agent or address for service at any time after making your application by sending us a Form TM33.

Declaration You must sign and date the form.

It will also help us to sort out any possible queries if you can provide the name and daytime telephone number of someone we can contact.

Fees It costs £200 to apply to register a mark in one class of goods/services, and £50 for each additional class. This fee is not refundable if the mark turns out not to be

registrable for any reason - it covers the cost of examination of the application.
Please make cheques payable to "Patent Office".

Returning the form to us

When you have completed the form, return it **with the appropriate fee** to:-
The Patent Office, Trade Marks Registry, Cardiff Road, NEWPORT, South Wales, NP10
8QQ

Then what happens?

We will send you a receipt for your application confirming:-

- (1) all the details you have given us, and
- (2) the date when we received it - this will be your **filing date**.

Provided you have paid the correct fee, we will examine your application within two months of receipt, and **either:-**

- confirm that your application is acceptable, **or**
- send you a written Examination Report which will list all the objections against it.

Help

If you need any more help with the form, or have any other queries before making your application, please:

call us on 08459 500 505 (charged at local rate)
e-mail us on enquiries@patent.gov.uk

Application to register a trade mark

The Patent Office
Trade Marks Registry
Cardiff Road, Newport
South Wales NP10 8QQ

Please refer to notes for guidance on completing this form

1. Your reference	BLG/JS		
2. Representation of the mark	<div>Blogwidge</div>		
3. State "Yes" here if the mark is a word or words without any particular form of presentation	Yes		
4. If the mark is not a word or a picture, indicate here <i>(for example 3-dimensional)</i>			
5. If the application is for a series of marks, indicate how many marks in the series			
6. If this application claims priority, indicate the priority date(s) claimed, the country, and the number	Date	Country	Number
7. If this is a transformation application under the Madrid Protocol, state the transformation date and the international registration number	Date	Registration number	

8. Specification of goods/services.

If the space provided for the specification of goods/services is insufficient then please continue on separate sheets. List the classes in consecutive numerical order and list alongside each class the goods or services appropriate to that class.

Class number	List of goods/services
9	Computers, computer hardware, modems, data processing apparatus, computer software for database management, sound recordings, tapes, cassettes, compact discs, films, video recordings.
42	Computer advisory, consultancy and design services, leasing, rental and hire of computer software, computer programming.

List the classes in consecutive numerical order and list alongside each class the goods or services appropriate to that class.
